Stephanie's Schedule of events:

Circle Time (seasonal songs and fingerplays)

Free Play (Toys will be brought into our meeting space and I am hoping to have them set up in an inviting way for the kids. I will also be including a seasonal activity of sorts. This will be very open-ended. For example, I will have homemade pumpkin-scented playdoh available).

Parent Topic and Project (I will have new topic of discussion relating to raising small children and a small project for you to do there or later at home with your child. I think this will be done as our children play. Very informal as some of us will have to be more attentive to our children than others due to varying ages.)

Snacktime (I am going to have a formal snack table set up and I would like all of us to sit down together to enjoy this. I plan on using a special blessing song and I think it will provide a sense of community for the children.)

Storytime (Seasonal Stories, poems or puppet show)
